

Strand East R1

161

ModuSat® Heat Interface Units

Project Overview

Strand East R1 is part of the Sugar House Island HORSPO in Stratford that seeks to create a mix use neighbourhood. The HORSPO consists of 149 apartments and 12 mews houses along with retail and office accommodation.

Our Solution

Evinox have helped provide a district heating system that serves 161 homes. Indirect Heating and instantaneous domestic hot water is being supplied via our ModuSat® XR-ECO Twin Plate HIU's which operate with our Evinox SmartTalk® two way communication system for remote metering and diagnostics. As well as our integrated Modbus heat meters Evinox have also supplied PRO2 single phase smart electricity meters.

Equipment Overview

- ✓ **ModuSat® XR-ECO Twin Plate Heat Interface Unit**
With integrated MID approved class '2' heat meter with Modbus output.
- ✓ **ViewSmart Room Controller with ENE3 upgrade**
Simple to use controller with back lit display. used as a room thermostat. Programming of heating and keep-warm schedules. Ability to read heat meter.
- ✓ **SmartTalk® Data Logger**
Convenient central point where all ModuSat® HIU's are linked to via an ethernet TCP/IP network.
